ENHAN\nCING LIVES—IT’S WHAT WE DO.

When we first started Melaleuca in September 1985, our vision was to market items containing Melaleuca Oil—a natural product that we believed had tremendous potential. We didn’t like the traditional business model of using middlemen and retail stores to sell the product, so we came up with a simple way for customers to earn commissions by referring others to purchase our products directly. This helped keep our costs lower and created a unique way for the average family to earn additional income in their spare time. We quickly learned that the demand for natural products was much greater than we had predicted. We also discovered many other natural ingredients that were highly effective in treating or preventing various health problems. Our vision grew as we met scientists with years of experience developing natural products that are more effective than the grocery store brands.

Some of these scientists had developed remarkable products but had no way of marketing them. Major corporations weren’t interested in natural products because of the difficulty of patenting natural ingredients and their uses.

Because these larger corporations don’t have products with exclusivity protection, they focus more on discovering patentable synthetic ingredients that are mass-produced with low costs and high profit margins.

Our philosophy has been different from the beginning. We built partnerships with scientists like Dr. Andrei Komarov of George Washington University for the revolutionary discovery of our patented Oligo® technology, and Dr. Larry Wang who patented the discovery we used in the original Access® Bar.

Because of these partnerships, Melaleuca’s popularity has exploded, becoming one of the fastest-growing companies in North America with well over $1 billion in sales worldwide. We continue to focus on products that contain only the finest natural ingredients. We carry only products with documented science supporting their effectiveness. We don’t, and won’t, market products whose popularity is based on folklore.

In our catalogue you’ll find the work of dozens of scientists, doctors, pharmacists, cosmetologists, and other experts. Many of our products were developed and perfected by our own staff, but we continue to look for and build partnerships with outside scientists as well. As you use them, we believe your experience with our products will exceed what you’ve had with grocery store brands.

Our original concept of having people refer other customers to Melaleuca in their spare time has expanded. Today, thousands of households depend on Melaleuca as their sole source of income, and hundreds of thousands more receive part-time “thank you” checks for having helped us spread the word.

We believe in partnering with “the little guy”—average families. Our mission is “Enhancing the lives of those we touch by helping people reach their goals.” When you purchase Melaleuca products, take comfort in knowing that not only are you using exceptional products, but profits from your purchase also help families across the United States and Canada.

We enjoy helping folks live a longer, more vibrant life. At the same time, we’re helping average people get ahead financially. Enhancing lives—it’s what we do.
Shop smarter and get additional benefits with Melaleuca.

Melaleuca customers are smart shoppers. As a Preferred Customer, you receive a 30%–50% discount on quality Melaleuca products every time you shop. We’re able to do this because when you buy Melaleuca products, you’re shopping directly from the manufacturer. In addition to the discounts, your dollars are going toward research-backed formulas made with the highest quality ingredients. Our 450+ wellness products provide natural solutions for the wide variety of health and wellness challenges you and your family face.

The number of ways Melaleuca products save you money.

1. **Lower prices.** In many cases, bottle for bottle, box for box, Melaleuca products are priced lower than the grocery store brands you find elsewhere.

2. **Better products.** Value goes beyond just price. Nearly every Melaleuca product delivers far more benefits than what you may be used to buying at the grocery store.

3. **Lower cost per use.** Melaleuca products are up to six-times concentrated. That means our products last much longer and therefore cost you less per use.

And there are even more ways to save.

There are monthly specials, discounted multipacks, web-only specials, the Melaleuca Outlet Store, and monthly customer coupons.

**Multipacks.**

Stock up and save. Buying a product multipack will give you additional savings per product, maximizing your Preferred Customer savings.

**Web-only specials.**

When you shop through Melaleuca.com, you get access to a whole selection of promotional specials that can’t be found anywhere else. They’re called web-only specials, and you can find them in the Specials menu at Melaleuca.com.

**Coupons.**

Planning ahead pays you back. Just for scheduling a monthly email reminder to place your order, you will receive exclusive coupons by email for additional savings.
Our mission at Melaleuca is to help you reach your goals.

“When we started this company in 1985, we had one mission: To enhance the lives of those we touch by helping people reach their goals. That is still the purpose that drives us. As The Wellness Company, everything we do—every product we make—furthers that mission.”

—FRANK VANDERSLOOT, CEO Melaleuca, Inc.
Melaleuca isn’t your typical company. While other companies define themselves in terms of profit and growth, we measure our success by an entirely different factor—our ability to enhance your life.

When you take the focus off the profits and put it on your customers, something amazing happens. You get products that are safer for your home, gentler on the environment, and a better value than anything you’ll find on the shelves of a grocery store.

But Melaleuca’s definition of wellness extends far beyond products.

Chances are, you learned about Melaleuca from a friend, coworker, or neighbor. That’s because we don’t spend money on advertising or retail middlemen. And as a result, we are able to share our profits with those who share our products.

And while Melaleuca offers 450+ exclusive wellness products, they represent something far more valuable than items on a shelf—they represent the ability to enhance your health, your environment, your finances, and your quality of life. That’s why Melaleuca exists. That’s why we’re known as The Wellness Company.

Clean home. Clean world.
Clean conscience.

A home is a better place to be when it’s clean. Same goes for planet earth. Clean is better for everyone. But is it possible to live a clean life in your own home while making the earth a cleaner place to live? Melaleuca says yes.

For decades, Melaleuca has been at the forefront of highly concentrated, safer, nature-derived products that clean homes without making the world a dirtier place.

- **Your home.** You and your family deserve to live in a clean home free from the dangers of the toxins and chemicals that can be found in typical cleaning products.

- **Your environment.** The little decisions you make today, like skipping a car trip, adjusting your thermostat, and recycling, will have a very real impact on the generations to come.

To find out how you can begin to make a difference, and how Melaleuca can help, visit Melaleuca.com.
Concentrated products.

Melaleuca is the market leader in concentrated products. Concentrated products mean less fuel spent in transportation and less plastic and water wasted.

**Biodegradable, nontoxic ingredients.** Chemicals often found in cleaners, like chlorine bleach, ammonia, and phosphates, can cause harm to the environment once you flush them down the drain. With Melaleuca, you’ll be cleaning with ingredients that are safer for your home and biodegrade in our waterways.

Together we are making a real difference in minimizing any negative impact to the earth and our environment without compromising our ability to live in a clean home.

If every household in North America used concentrated EcoSense® products instead of grocery store brands, in 10 years we would save almost 7 billion pounds of plastic. If that plastic were turned into laundry baskets, they would go to the moon and back an astonishing 635 times.
The perfect part-time, work-from-home business.

Why does Melaleuca use Product Points?
Because Melaleuca does business in various countries and currencies, we’ve established a worldwide Product Point value for each product. Product Points are also used to reward your loyalty with Loyalty Shopping Dollars.
Loyalty Shopping Dollars program.

Learn to Earn.

A fast, rewarding way to get acquainted with Melaleuca’s most popular products. It’s called LEARN to EARN. And the idea is simple: once you educate yourself about Melaleuca’s products, you simply won’t settle for anything less. Ready to get started? Here’s how you do it:

Watch. During months 1–5 of your membership, you’ll have access to a library of short, informative videos at Melaleuca.com that introduce you to products and the company. Each video is only a few minutes long.

Learn. Each video outlines how a Melaleuca product—like FiberWise®, Renew®, or the Vitality Pack® with Oligo®—can benefit you on your path to wellness. Be sure to pay attention. There’ll be a few questions at the end.

Earn. Just for watching a video and answering a few questions, you’ll earn Loyalty Shopping Dollars each month, from your first through your fifth month of membership with Melaleuca. Each month, after fulfilling your monthly Product Point commitment, you’ll get to redeem those dollars on any Melaleuca product—giving you an opportunity to get acquainted with the science behind some of our most popular products.

With Learn to Earn, you can earn up to 100 Loyalty Shopping Dollars in your first 5 months as a Melaleuca Preferred Customer. That’s $100 worth of premium Melaleuca products available for you to try— absolutely FREE.

Ongoing Loyalty Shopping Dollars.

IN MONTH 6 and beyond, you can then earn up to 15% back in Loyalty Shopping Dollars each time you shop. Earn more for shopping earlier in the month and watching additional Learn to Earn videos.

See website for full details.
