BETTER Value Better PRODUCTS

See the Unique Difference That Only Melaleuca Can Offer

(PAGE 2)
Make Every Dollar Work Harder

With The Value Of Melaleuca

Melaleuca has three ways to ensure that every dollar works harder when you shop at Melaleuca.

1. LOWER PRICES
   The first way Melaleuca provides better value is to produce products you use every day at a lower price. By eliminating the retail middleman, Melaleuca can offer quality products for less. Products like Affriss hair care. Affriss is a sulfate-free line of shampoo, conditioners, and styling aids that deliver soft, shiny, manageable hair—all for less than $6 a bottle! But that’s just one product line. There are dozens of other examples of how Melaleuca offers more benefits than grocery store alternatives at an exclusive Melaleuca price.

2. LOWER COST PER USE
   When you concentrate a product, you reduce plastic waste, fuel costs, and the environmental impact. If Melaleuca can concentrate a product, we will! But there’s another benefit to giving you more uses in every bottle—you save money with every pump or spray. Because Melaleuca super-concentrates many of its products, it takes two, three, or even six of the competitors’ bottles to give you the same amount as you get in just one concentrated bottle from Melaleuca.

3. ONE-OF-A-KIND PRODUCT EXCLUSIVES
   Melaleuca’s mission is to enhance lives, and Melaleuca scientists have spent decades combining the best of science and nature to create one-of-a-kind wellness solutions that you can’t find in your grocery store. In fact, you won’t find them anywhere else in the world. These are revolutionary breakthroughs that offer incredible health benefits that simply aren’t available in other products on the market.

CHIEF EXECUTIVE OFFICER | IDAHO FALLS, IDAHO

Over the years, I have talked to many who say they are surprised at Melaleuca's unprecedented rise in the marketplace. They often ask what the secret is to our success. The answer is simply that we have much better products than the grocery store brands. People want to look healthier, longer, and more vibrant lives. They find Melaleuca products are a great asset in achieving those goals. Melaleuca is quickly becoming the world leader in quality wellness products.

The reason hundreds of thousands of families are choosing Melaleuca products over the grocery store brands is quite simple. Many manufacturers are yielding to the tremendous pressures in today's marketplace to cut prices and therefore cut quality. Wal-Mart and the other national chains control the distribution channels. Even companies like Procter & Gamble are placed under tremendous pressure to cut prices in order to get shelf space in the stores. They are forced to lower their price on the one hand and to maintain profit margins on the other. The only answer for these manufacturers is to cut costs by using cheaper ingredients or diluting their products with cheap fillers such as water. The trend for many manufacturers to dilute products has gotten so bad that Wal-Mart announced that regardless of the price pressures they put on manufacturers, Wal-Mart would not carry any laundry products with less than 2x concentration, which is twice as concentrated as those products were previously. Procter & Gamble responded by finally bringing its products (like Tide) up to the minimum 2x standard and advertising their "Improvement" on national TV. Quite frankly, we are not very impressed. Melaleuca's products have always been more concentrated than Wal-Mart's new "standard." In fact, Melaleuca's Melawash was at 7x concentration for more than 20 years and it's now concentrated at 6x.

The demand for these superior products makes building a Melaleuca business even more profitable and more rewarding. This brings up another good reason for you to buy Melaleuca products. Because when you purchase Melaleuca products, you are not buying from the wealthy owners of Wal-Mart, Lever Brothers, or Johnson & Johnson. You are actually buying from the family or friend that introduced you to Melaleuca. In other words, instead of buying from the corporate giants, you are buying from "the little guy." In most cases it is from someone you know.

Almost all of our 350 products are significantly superior in effectiveness, quality, and safety to any of our competitors in the marketplace. There are hundreds of very good reasons to choose our products over the grocery store brands. Reducing costs by diluting products with water or other fillers is not the only way that the national brands violate their customers' trust. Compromising quality ingredients to save a buck is also prevalent in many of the grocery store brands. When people are dealing with their health, they don't want to make compromises. And they know that Melaleuca will never compromise on effectiveness or safety. Because of the constant pressures of the mass manufacturers to lower price and quality, the demand for Melaleuca's superior and far more effective products is on the rise.

So thank you for your loyalty to Melaleuca's wellness products! We promise to keep our commitment to always provide the best so you can have a healthier, longer, and more vibrant life.

The Best Keeps Getting Better  Experience the EcoSense Difference

New EcoSense Innovations—No Detail Overlooked

**DRAIN-BACK CAP**
Our redesigned Drain-Back Cap for MelaPower, Melaleuca, and Melaleich helps liquid drain faster and more completely for greater efficiency and less fuss. The threading were redesigned so they don’t directly touch the liquid and get gunked up.

**ECOSENSE SPRAY BOTTLE**
The innovative new design of EcoSense spray bottles includes a mobile base and an improved grip to fit comfortably in the hand. There are also new level markings on the side—4x, 6x, 2x—that correspond with label directions for easier mixing.

**The new cap uses 28% LESS PLASTIC**

**EcoSense Saves You Money!**
Thanks to super-concentrated formulas and incredibly effective results, eco-friendly EcoSense products save you money compared to buying equivalent amounts of brand-name cleaners and laundry products.

**Peace of Mind and a Safer Home**
EcoSense means home cleaning products so safe that no safety caps are required. And yet they clean your home, your dishes, and your laundry with undeniable strength and reliability. These safer formulas are designed to outperform the competition.

- No chlorine bleach
- No ammonia
- No harsh chemicals

**Concentrated and Eco-friendly**
With super-concentrated formulas, you get more uses per bottle and no unnecessary fillers, which means smaller bottles and less waste of plastic, water, and fuel in shipping. Plus, there’s no Methylamine, ammonia, or other harsh chemicals.

**Less-Toxic Doesn’t Mean Less-Powerful!**
Like all our EcoSense products, Diamond Brite contains no chlorine bleach, no phosphates, nor any other caustic chemical. Yet it still cleans better than the competition, as shown in this comparison with Cascade®.

**The Proven Might of MelaPower**
These switches from a controlled test started clean but were washed with a separate cloth soaked in motor oil. Though transfer of oils is common with most detergents, MelaPower gets top grades for ensuring bright clothes, even in the dirtiest wash.

**Comparative Test: 2.7 Bottles of CUBIC™ GREEN WORKS® = 1.5 L**

**SHoppers Say**

**Dish Care**

“I have spotless dishes because of Diamond Brite...”

**Cleaners**

“I have a sparkling clean bathroom, finally without toxic products. I even cleaned my car’s interior with Tough & Tender...”

**Laundry**

“My laundry smells and feels like heaven...”

“I have always struggled with wanting a true clean and at the same time wanting safe products for my family and the earth. Thank you for the value, the quality, and the wonderful feeling of knowing my struggle is over. I plan on replacing every product in my home with Melaleuca products.”

For the Cleaning Jobs
You Don’t Expect!

Messes happen. Whether from a well-intentioned husband or a “creative” child, every home has to deal with the types of stains that make you want to pull your hair out. Fortunately, Sol-U-Mel is here to destroy stains, save you from costly repairs and replacements, and generally save the day!

**STAIN REMOVER**—Use full-strength Sol-U-Mel to remove all your worst stain nightmares. You’ll be amazed at what it can do!

**DEODORIZER**—Spray diluted Sol-U-Mel to eliminate, not just cover up, odours from pets, tobacco, mildew, diapers, and more.

**CLEANER**—Use diluted Sol-U-Mel for everyday jobs such as cleaning cabinets and stovetops.

**HOME-FRIENDLY**—Naturally derived, Melaleuca Oil-powered formula contains no chlorine bleach, ammonia, or other caustic chemicals—and there’s no need for glass or special ventilation.

**Worth Its Weight in Gold**

Sol-U-Mel can save you hundreds, even thousands, of dollars in replacement costs.

**SPRING-CLEANING TIP:**
Let Sol-U-Mel sit for a while on tough stains to help it break up the stain more effectively. Blot it up and reapply if necessary.

Candle of the Month
Victorian Garden

It's a garden full of delightful surprises: spring roses, sweet peas, lililies, and sweet williams awaiting your discovery on stone walls, by splashing fountains, and in beds bursting with blooms—each lending a new, exquisite scent to enjoy.

AVAILABLE MAR 1: 5603 | ROSES AND SWEET PEA BLOSSOMS
At the garden's gate, sweet pea blossoms shower down mossy stone walls and roses flow across the archway overhead. The air is rich with the fragrance of sultry sweet pea, blushing rose, and pure jasmine mixed with touches of nectarine over a light base of wood and musk.

AVAILABLE APR 1: 5604 | CALLA LILIES BY THE FOUNTAIN
The fountain splashes playfully, sending droplets sparkling into the air. Tall calla lilies grace the pond's borders, adding warm notes to the blend of civil water, mountain white plum, and sweet honeysuckle lingering in the air, softened with gentle sandalwood and vanilla.

AVAILABLE MAY 1: 5605 | SWEET WILLIAMS ON THE PROMENADE
At the garden's center, a gossy promenade runs through exquisitely tended flower beds filled with sweet williams bloom. A playful morning breeze carries their fragrance over the lawn: a sweet, fruity blend scented mingled with dewy greens and jasmine, set over vanilla and a hint of musky wood.

To prove the lasting power of The Gold Bar, Melaleuca scientists took sample sizes of The Gold Bar and four leading brands and placed them in a machine to replicate the environment of a daily shower, continuously dipping the samples in and out of warm water. The Gold Bar reigns supreme and lasts an average of nine times longer than Dial—6.25 hours compared to the 41 minutes that Dial lasted.

**Our daughter is a full-time hair stylist at a high-end salon. I told her about the new Sei Bella Luxury Hair Care line and how they have combined anti-breakage, thermal, UV, and color protection along with it being sulfate-free. She said, 'Wow you know why I always put 3 or 4 styling aids on your hair in the salon because they all only do just one thing! It's purely marketing to get you to spend more money.'**

— Sue Prue, TX

PIONEERING SCIENCE GIVES YOU UNPRECEDENTED PROTECTION

Combining more than two benefits into one hair product has never been done before. After years of global testing and dozens of discarded prototypes, Melaleuca scientists created unprecedented technology to give you four critical benefits in every Sei Bella product.

The Results Speak for Themselves

- Patent-pending Protection Complex Technology™ in every product allows you to buy fewer products
- Sulfate-free, gluten-free, and sodium-free
- Clinically proven to protect color better than Purology™
- Professional quality for salon results
Protect Your Hair’s Beauty

**STEP 1** SHAMPOO & CONDITION
Gently wash away dirt and impurities and infuse your hair with shiny softness for a clean start.

**STEP 2** DAILY TREATMENTS
Apply to clean, damp hair to protect it against the effects of daily styling by guarding against heat and breakage.

**STEP 3** STYLING PREP
When applied to clean hair before styling. Styling Air-Press increases manageability and control. Plus, they help other products perform their best.

Define Your Style

Melaleuca scientists created unprecedented technology to give you four critical benefits in every Sei Bella product.

**MULTI-FACETED PROTECTION IN EVERY SINGLE PRODUCT**
YOU’LL NEVER HAVE TO COMPROMISE AGAIN.

---

**STEPS 4 & 5**

**STYLE**
Shave and finish your look with styling aids suited to your cut, texture, and preference.

**TREAT**
Indulge in Luxebea Hair treatments whenever you feel your hair needs a pick-me-up. Whether it’s weekly or once every few months, notice your hair’s natural strength, weighty, and shine.

---

**STYLING POMADE**
What it does: This water-based pomade delivers medium control with flexible movement. Separates looks for definition. Adds lift when worked into roots. Washes out easily.
Who should use it: Those with layered haircuts or short styles who want to add texture and separation.

**AEROSOL HAIRSPRAY FOR FIRM AND FLEXIBLE HOLD**
What it does: This high-performance hairspray with memory solidifies your style with superior hold while blocking humidity and adding shine.
Who should use it: Those desiring firm control for updos, curls, and sophisticated styles.

**HAIRSPRAY FOR LIGHT-TO-MEDIUM HOLD**
What it does: Holds style with natural, touchable control and added shine. Never sticky or flaky. It washes out easily.
Who should use it: Those with soft styles full of movement who desire natural hold.

**HAIR GEL**
What it does: Holds structured styles with firm hold and high-gloss shine. Also brushes out of dry hair for volume and manageability.
Who should use it: Anyone wanting strong definition. Perfect for short styles.

**PROTECTION COMPLEX TECHNOLOGY**
Sulfate-Free Affinia for Hair That’s Soft and Smooth

Soft, shiny, manageable hair that’s as healthy as it is strong. Sulfate-free Affinia Hair Care is safe for all hair—even coloured, permmed, or straightened hair. Quality hair care for the whole family.

Why Go Sulfate-Free?

SULFATE-FREE AFFINIA CLEANSSES HAIR WITH LARGE MOLECULES THAT KEEP HAIR SMOOTH AND STRONG

SULFATE-FREE AFFINIA PENETRATES THE HAIR SHRAFT, MAKING IT ROUGH AND DRY

Only Affinia’s one-of-a-kind formula can provide premium, sulfate-free hair care for an affordable price. Without our exclusive technology, other brands are forced to charge you almost twice that much—or more—for their sulfate-free products.

SULFATE-FREE CARE FOR EVERY TYPE OF HAIR FOR LESS THAN $6!

Affinia Moisturizing Shampoo and Conditioner preserve the delicate moisture balance of normal-to-dry hair while adding fullness, shine, and manageability. Gentle cleansers and rich moisturizers help control frizz and flyaways for greater styling ease. If you’re not ware which Affinia formula to use, start here!

Moisture Barrier Improvement

Kleenex Lotion Improved skin's ability to retain moisture 7 times better than baseline could after 2 weeks.

Proven to be a better moisturizer

In a double-blind clinical study conducted in the harshest winter conditions, Kleenex Lotion far outperformed Eucerin®—the #1 dermatologist-recommended lotion—in every category.

Moisture Retention

Kleenex Lotion improved skin hydration 5 times better than baseline in 24 hours, and 5 times better after 2 weeks.

Hydrates and protects during and after your shower

Formulated specifically for dry skin sufferers, Renew Body Wash can help you keep your skin from drying out when you shower. It contains the same moisturizing technology that powers Renew Lotion, plus skin-soothing vitamin E, all to protect your skin and leave behind a softer, more hydrated feeling that lasts long after you wrap yourself in your towel.

Turn your bath into dry skin therapy

Add one capful of Renew Bath Oil and let lather and 736-C5 Melaleuca Oil sooth and condition your skin while you bathe. Enjoy a softer, suppler feel for hours after you step into your towel. For best results, apply Renew Lotion while your skin is still moist.

Helps hands retain moisture—even with frequent washings

Made with the same powerful moisturizers as Renew Lotion, this foaming hand soap is clinically proven to help your hands retain more moisture, even if you wash them many times a day.
