Sensitive Skin Has an Alternative

While T36-C5 Melaleuca Oil can handle almost everyone’s minor skin problems, some people need even more healing power. T40-C3® brand Melaleuca Oil is formulated especially for those with sensitive skin or for those with persistent skin irritations. No other natural—or synthetic—alternative offers the same skin-healing benefits of T36-C5 Melaleuca Oil. Once you’ve experienced the relief of this essential oil, you’ll wonder how you ever lived without it. T36-C5 Melaleuca Oil is available only to Melaleuca customers.

All of these products contain Melaleuca Oil and utilize at least one or more of its amazing properties:

- Antiseptic
- Soothing
- Penetrating
- Non-caustic
- Solvent
- Aromatic

Sensitive Skin Has an Alternative

While T36-C5® brand Melaleuca Oil can handle almost everyone’s minor skin problems, some people need even more healing power. T40-C3® brand Melaleuca Oil is formulated especially for those with sensitive skin or for those with persistent skin irritations.

A Heritage of Healing Power
Earth’s first aid kit.

Long before medicine companies, Mother Nature provided natural health remedies. Introducing nature’s first aid kit in a bottle. Versatile enough to treat minor cuts, scrapes, burns, insect bites, and virtually every other minor first aid skin irritation—naturally.

T36-C5® brand Melaleuca Oil

- Fast-acting, 100% natural essential oil
- Amazing, versatile properties:
  - **Antiseptic**: Kills germs to aid the healing process
  - **Soothing**: Brings instant relief for countless minor skin irritations
  - **Penetrating**: Healing benefits go deep into the skin’s top layers
  - **Non-caustic**: Won’t irritate the skin as it heals
  - **Solvent**: Dissolves residue and acts as a natural disinfectant
  - **Aromatic**: Refreshing, therapeutic scent lets you know it’s working

We put our quality standard right on the bottle: **T36-C5**

- T36-C5 contains 100% pure *Melaleuca alternifolia* oil, a complex essential oil made of over 100 natural compounds
- Two specific compounds, terpinen-4-ol (as in T36) and cineole (as in C5) have been directly linked to Melaleuca Oil’s proven healing powers

<table>
<thead>
<tr>
<th>Terpinen-4-ol</th>
<th>The higher the percentage of terpinen-4-ol, the more antiseptic power.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cineole</td>
<td>The lower the percentage of cineole, the stronger the penetrating power.</td>
</tr>
</tbody>
</table>

Nature Rediscovered

Through word of mouth, people rediscovered the proven therapeutic qualities of T36-C5 Melaleuca Oil—a gift from Mother Nature.

No Medicine Cabinet Should Be Without T36-C5 Melaleuca Oil

**Terpinen-4-ol**

- **Antiseptic Power**

**Cineole**

- **Penetrating Power**

**Nature Rediscovered**

- **1770** The Aborigines of Australia introduce Captain James Cook to the benefits of *Melaleuca alternifolia* leaves
- **1900**
- **1925**
- **1939** During World War II, the oil is considered so essential that every Australian soldier’s first aid kit contains a vial of Melaleuca Oil
- **1950**
- **1975**
- **1985** Melaleuca introduces T36-C5 Melaleuca Oil and builds a product line based on the versatility of Melaleuca Oil
- **Present Day** Melaleuca’s current product line has grown to include over 75 products that utilize the amazing properties of T36-C5 Melaleuca Oil

*“The essential oil of *Melaleuca alternifolia* has broad-spectrum antimicrobial activity.”*

Antimicrobial Agents and Chemotherapy, June 2003
